VENUE Map

All sessions of the 2017 Global Platform will be taking place at Moon Palace Resort. Here is the link to map of the venue - http://www.unisdr.org/files/52111_gp17floorplan.pdf

SIDE Events

22-26 MAY, 2017 | CANCUN, MEXICO
2017 GLOBAL PLATFORM
FOR DISASTER RISK REDUCTION

FROM COMMITMENT TO ACTION

Side Events support the outcomes of the 2017 Global Platform, raise awareness on disaster risk reduction activities and contribute to the promotion and exchange of knowledge. On an average there are 15 side events taking place every day, here is the link to check various side events - <http://www.unisdr.org/conferences/2017/globalplatform/en/programme/side-events>

IGNITE Stage

The IGNITE stage is a special venue at the entrance of the 2017 Global Platform conference centre where selected participants are allowed 15 minutes to present a disaster risk reduction topic, project or initiative. Its aim is to widen the array of topics that are discussed at the Global Platform beyond those presented in the main sessions and events. Here is the link to explore various topics being presented - <http://www.unisdr.org/conferences/2017/globalplatform/en/programme/ignite-stage>

FIELD Visits

The 2017 Global Platform Field Visits (22-26 May) around the Cancun area will focus on meeting communities working hard to reduce disaster risk. The aim of the Field Visits is to directly observe the threats, challenges and opportunities of living in a risk prone environment, and experience the practical side of disaster risk reduction. For further details visit- <http://www.unisdr.org/conferences/2017/globalplatform/en/programme/field-visits>
