Monthly deadlines: February 21, March 28, April 25

Diverse contributions for the 5th congress

165 experts from more than 30 countries and a wide range of sectors submitted proposals for the Resilient Cities congress program. Over one third feature specific cities and case studies, providing a broad regional coverage and equal share of all continents.

All program themes are nearly equally covered with a mix of contributions on strategies and approaches, new tools and methods, and the latest research findings relevant for practitioners. We can therefore look forward to a diverse congress program with practical and academic insights from all over the world!

Exhibit your work at Resilient Cities 2014

The Resilient Cities 2014 congress provides a unique opportunity for cities, organizations, businesses, and academic institutions to present their projects to an international and multidisciplinary audience.

If you are interested in showcasing your work as an exhibitor, please write us at resilient.cities@iclei.org before **25 April 2014**.
